I'd be honored again to represent Delaware at the national level. As part of the NEA-RA and DSEA-RA for the past 9 years, I've had the opportunity to discuss issues facing educators and paraprofessionals today. We aren't alone in our struggles and I enjoy discussing Delaware's perspective.

I would also like to continue DSEA's representation on the Community Outreach Committee at the NEA-RA. It's been fun involving Delaware as volunteers at each host city!
