Education Association Representative Assembly last year and was totally amazed at how many people were involved in the decision-making for the National Education Association Representative Assembly to vote on issues that are important to us. This year I would like the opportunity to be able to vote and have my voice heard. I would like to be able to represent other paras in my state. Therefore I would like your consideration in voting for me to be a state delegate and be able to attend this year's upcoming National Education Association Representative Assembly.
