

**Mary Jo Faust**

I have been proud to represent Delaware for the last three years in Washington, D.C. and on the leadership team as NEA Director. I ask for your vote to reelect me for another term.

**Faust**

During the previous years, I have had many opportunities in both Delaware and around the country representing members. At NEA board meetings, I always make sure to analyze issues from a 'Delaware Perspective' and speak to key issues that are affecting our state. I have had the opportunities to build strong connections with leadership from other states, at the national level congressional offices, and also within our own state here in Delaware.

I feel that working as a team can only make Delaware teachers and leaders stronger when it comes to issues such as RTI, Race To The Top, and proposed changes to DPAS II. Please vote for leadership you know and can trust. Vote to Reelect Mary Jo Faust for NEA Director.
