

**Meg Wildt**

I am a kindergarten special education and ELL teacher at North Georgetown Elem.

**Wildt**

School in the Indian River School District. While I have only been in public education for ten years, I feel I have a broad overview and understand the concerns of Sussex County educators. I began my career as a paraprofessional at the Howard T. Ennis School and was also a teacher there before transferring to North Georgetown.

I have always been a member of the IREA and DSEA. While this is my first attempt at earning a seat as an executive board member, I have volunteered at DSEA sponsored candidates' forums and also helped promote DSEA-endorsed candidates.

I want to represent Sussex County educators as we confront state budget issues as well as federal programs such as Race to the Top that will impact us in the near future.
