Dear Colleague:

The united education unions of the Christina School District are proud to announce our recommended candidate for school board, Eric Anderson.

It is refreshing to be able to recommend an actual educator for school board. Eric Anderson is a math teacher at the Charter School of Wilmington. Previous to his current position, he taught in Christina School District for six years. While earning his teaching degree, Eric Anderson worked as both a para-professional and a substitute teacher. He also became a soccer coach and continues that avocation today, coaching at the high school level. Mr. Anderson was a student of Christina schools in his youth. Anderson now has family members as students in the Christina School District.

Eric Anderson believes that we must have better communication and transparency with school board decisions in order for stakeholders such as staff, students, parents, and community to have the input they deserve. Additionally, Eric recognizes the serious financial challenges of the district and knows that a referendum is needed. As an educator he will judiciously watch the expenditure of those funds to make sure that students and staff are benefitted.

The educators of Christina, once again, find themselves at a critical intersection of events. We face scarcity of state and local resources at a time when the federal government is demanding better performance and results. Now, more than ever, we need someone on the board that lives the issues of education in their everyday experience.

On Tuesday, May 11th, please support Eric Anderson for Christina Board of Education, and encourage your family, friends, and neighbors to do so as well.

Sincerely,

Claudia Bock
