

The United DSEA Locals of Indian River

April 23, 2010

Dear NEA Member:

The Indian River Education Association is pleased to announce our recommendation of Rodney Layfield for Indian River School District Board of Education, District 2.

Rodney Layfield is the perfect combination of new ideas with old fashion values. The Layfields have been a part of our community for 14 generations. Rodney and his wife, Kim, have a seven year old daughter and a four year old son, both in IRSD schools.

Rodney graduated from Sussex Central and joined the US Marines. After returning from service, he graduated from Delaware Technical and Community College and Wilmington College, and became a Delaware State Trooper, like his father. After 16 years with the Troopers, Rodney Layfield is now a captain in charge of the State Bureau of Identification.

Rodney Layfield is entering into the race for the best of motives, his children. He has no hidden personal agenda. Rodney is committed to positive change that includes transparency between the school board and community.

Please, vote for Rodney Layfield, District 2 on Tuesday, May 11, and make an effort to inform your family and friends.

You will soon be receiving more information about Rodney Layfield by phone and mail. Please be patient and understand that communication on this important race is critical.

Sincerely,

Linda Hockman
Vice-President IREA Teachers
IREA School Board Elections Committee Co-Chairperson
